In Memoriam

DENNIS McKAY

NORMAN SIMPSON

RONNIE McKAY

We, the Seniors of 1965, wish to dedicate this page to three of our classmates, Dennis McKay, Norman Simpson, and Ronnie McKay. Nearly four years have passed since they were taken from our midst by a sudden and tragic accident at the beginning of their high school career. Now, in every class activity we realize they are gone. There are three vacant places that no other persons can fill. Many times we look back, remembering how their lives affected ours, and we imagine how our lives might be if they were with us now. Yet we must realize that God in His eternal wisdom has caused them to be immortal. If we are to see them again someday, we must live lives honoring their memory, serve a definite purpose, and maintain eternal faith.

Death, be not proud, though some have called thee
Mighty and dreadful, for thou are not so; . . .

--John Donne

Students Show Talent in the Field of Music

High School Mixed Chorus

The High School Chorus proudly represents Lapel High School in many events throughout the year. Not only are they active in concerts and special convocations at school, but also they "show off" their talent at the County Choral Festival, in which their reputation as "bubbling" over with enthusiasm is upheld.

The Class of 1965 would like to take this opportunity to give recognition to the director, Mrs. Evelyn Mousa, whose spirit and leadership have guided the Chorus through 22 years of success.

The members of the Sunshine Society should be praised for past accomplishments and encouraged to continue their fine service to community and school.

The Sunshine Club is extremely proud of their large group this year. They worked well together and had a very successful year.

Students Cheer for Victory

This year our pep club was composed of all of the high school students who were willing to do their part for victory. Those students who supported their team - win or lose - are to be commended for helping our team to sport a winning season. The united efforts of the pep club give a representation of a spirited student body unified for the benefit of their school.

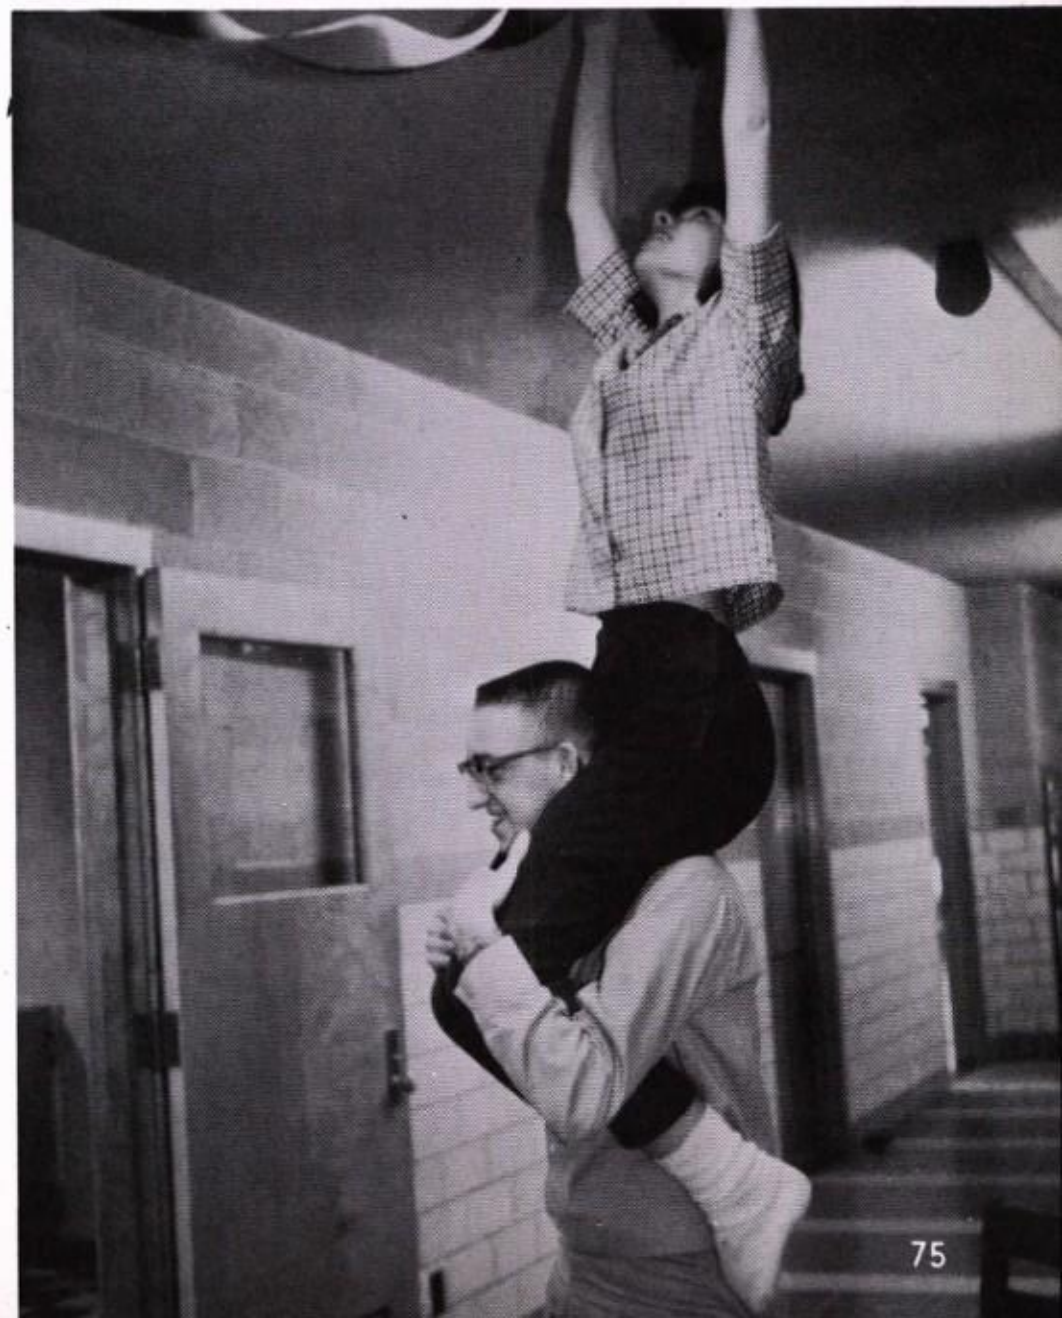

Members of the Pep Rally Committee for 1964-'65: 1st ROW - Wilma Boles, Jan Kluth, Kitty Carlton, Steve Wilson, Nancy Sylvester, Brenda Paulsel, Sherry Huffman, Becky Sharpe, Vicki Foland, Teresa Troutman, Marcy Decker, Suzie Carlton; 2nd ROW - Wilma Ford, Barbara Bunnell, Jackie Snyder, Nancy Brinker, Betty Mills, Linda Dickerson, Sherry Gentry, Mickey Kaiser, Connie Sylvester, Julia Kluth, Diane Duganich, Colleen Nobblitt, Jane Ashby, Susan Barnhizer, and Sponsor, Glenda Warner.

Rally Committee

The Rally Committee, sponsored by Miss Glenda Warner, promotes the unified support of the basketball team by the entire student body. Their many cleverly made posters attract attention to the approaching game and usually draw a laugh from those who observe them. They also attempt to increase student backing in the pep session preceding a game. The school is indebted to these few who work so diligently for greater school spirit.

Gary Hiday "supports" the rally committee.

Stairway to the Stars

The only formal function for the entire high school was held February 20, 1965, when the local Sunshine Society sponsored the annual Sweetheart Dance. This year's theme, "Stairway to the Stars," transformed the concession room and the cafeteria into a moonlit garden under the stars. Senior, Willa Ford was Queen with Sandy Foland, Suzie Carlton, Patty Frick, and Donna Hiday representing each high school class in her court. Greg Imboden dance band provided fine dance music. Sports Build Character

The combined talents of these fine men build character in those whom they influence. The result of their interest in the boys and the friendly assistance they have given is the fine athletes which represent L. H. S.

Comparable assistance is given by the student managers, Justin Fisher and Herb Moore, who not only handle equipment, but also give needed encouragement to the players.

Both the coaches and student managers are to be complimented for these contributions which will be invaluable to our school in years to come.

INDIANA BUSINESS COLLEGE

63rd Year of Service

Anderson, Indiana

43. Natural ability or talent for a given work.

47. In support of.

54. A branch of study concerning the observation and classification of facts.

If you've correctly filled in the spaces above, you may have already answered "yes" to the question.

It's for sure you're curious. You're a self-starter who takes pleasure in tackling problems. (We know because you just did!) That gives us something in common.

We at Delco-Remy are always solving "puzzles," looking into the unknown for answers that can improve our products. And why not? We're geared for it.

Our new Engineering and Research facility in Anderson provides our problem-probing team with the most completely equipped center of its kind in the world—including an electron microscope that can magnify samples up to 200,000 diameters... and a spectrograph that enables us to analyze materials for their metallic elements to an accuracy of one part in a million.

Maybe you'd like to develop things like electronic ignition systems for cars or control devices for missiles. The challenge is great, of course. But so are the rewards and accomplishments.

If you feel at home in Indiana... and in a scientific atmosphere, you'll be right at home at Delco-Remy. Look us up after college. We'll keep a couple of problems on ice for you.

(Solution: 43. Aptitude, 47. For, 54. Science)
